Welcome to Moore

Dear Patient,

Thank you for selecting Moore to provide your physical therapy. This letter tells you what to expect during your treatment.

Making Your Appointment

Patients come first at Moore and our office hours reflect that commitment. We have early morning, late evening and Saturday appointments. For specific times, please refer to our website section on [locations and hours](#) of operation.

Insurance

If you are going through your insurance company, prior to your initial visit, a member of our office will gather your insurance information and verify your individual coverage. A thorough explanation of your benefits will be given to you before your second treatment session.

Your First Visit

We provide patients with a traditional gown, shorts and T-shirt to wear during treatment. However, please feel free to wear your own comfortable clothes if you prefer.

Your initial evaluation and treatment will last approximately 60 – 90 minutes. It will consist of a thorough medical history plus a comprehensive assessment of your condition. The information we gather will enable your therapist to provide individualized treatment. After completing our evaluation, we will send your physician a letter outlining our findings and plan of care.

Follow-up Visits

Treatment at each visit will last from 45 – 90 minutes, depending on your individual diagnosis and rehabilitation needs. We will communicate regularly with your physician about the progress of your physical therapy.

Moore's experienced, dedicated and caring staff is committed to quality service and individualized attention. Please do not hesitate to contact us with any questions or concerns that you may have.

We look forward to serving you!

Sincerely yours,

Robert Moore, PT
